

JOSHUA CARL PELOTEA

AI-ASSISTED FRONTEND DEVELOPMENT & WEBSITE DELIVERY

Butuan City, Philippines | peloteajoshuacarl0@gmail.com
Portfolio | LinkedIn | GitHub

PROFILE

Business operations professional delivering websites with AI assistance. Directs and reviews frontend implementation, content structure, and deployment work, bringing client context, documentation, and practical coordination to digital projects. Paid freelance and client projects undertaken intermittently since 2018.

TECHNICAL DELIVERY & SKILLS

I direct and review AI-generated code, configuration, and technical checks. I independently handle form-submission testing, GA4 events and consent settings, and SEO/analytics verification. Layout and browser checks combine personal and AI review; accessibility testing and performance measurement are AI-performed under my direction.

HTML, CSS, JavaScript, Astro, responsive layouts, Git/GitHub, Netlify, Cloudflare Workers/Pages, GitHub Actions, Netlify Forms, SEO/metadata, GA4, content organization, audience pathways, CTA placement.

SELECTED PROJECTS

Avodah Wealth Advisory | Business website

Directed and reviewed AI-assisted implementation of a multi-page advisory website, including audience pathways, inquiry forms, and deployment. Supported content organization and maintenance; personally tested form submissions and verified results.

JC Professional Portfolio | Independent portfolio project

Directed and reviewed AI-assisted Astro development and Cloudflare delivery. Organized project evidence and case-study content; used a mix of personal review and AI-performed layout checks.

Project Handoff | Fictional B2B SaaS portfolio concept

Combined personal judgment and AI input to organize content, audience pathways, and calls to action. Directed AI-assisted implementation of an Astro landing page and waitlist form. Portfolio sample, not a commercial client engagement.

PROFESSIONAL EXPERIENCE

Avodah Wealth Advisory - Business Operations & Executive Assistant | Jun-Aug 2026

Supported executive coordination, CRM/client workflows, dashboards, documentation, digital marketing, and AI-assisted website delivery.

KRISS.AI - Outreach Specialist & Co-Team Leader, Part-time | Aug-Dec 2025

Conducted prospect outreach and follow-up; explained and promoted the product. Responsibilities were communication-focused, without technical configuration or implementation.

Teleperformance - Customer Service Representative, Full-time | Jan-Oct 2023

Provided inbound and outbound phone support; maintained CRM records and supported issue resolution and follow-up.

Concentrix - Customer Service Representative, Full-time | Sep-Dec 2022

Handled outbound calls for renewals and account updates; coordinated internally on customer requests.

RESERVIST SERVICE & COMMUNITY LEADERSHIP

Philippine Army Reserve Command - Documentation & Communication Officer

Jan-Jul 2022 | Full-time reservist/military service. Supported reports, records, scheduling, and internal communication.

Barangay Tagabaca - Sangguniang Kabataan Chairman | 2018-2021

Community leadership: projects, budgeting, documentation, events, and stakeholder coordination.

EDUCATION & SELECTED TRAINING

High School, Old Curriculum - Agusan Business and Arts Foundation Inc.; completed 2015.

Civil Engineering - Saint Joseph Institute of Technology; attended 2015-2016, degree not completed.

Google AI Professional Certificate - Google/Coursera | AI Mastery - RENE AI Internship Program | EF SET English Certificate - C1 Advanced, 65/100
